JAZZSCO
Self-Check-Out Kiosk

Innovative, compact and exclusive AURES design

Designed by AURES, **JAZZSCO** is the KIOSK version of the JAZZ concept. Based on the same technology, components and sub-systems as the all-in-one POS terminal of the same range, this SCO kiosk is compact and neatly presented.

JAZZSCO integrates a powerful system with a 15" touch screen, 140 mm ticket printer and a Honeywell 2D barcode scanner. Various electronic payment terminals can be fixed to this kiosk, thanks to a support arm integrating the connectivity.

Designed from the same motherboard as the other hardware in the JAZZ range, it perfectly combines them at the point of service to optimise the customer journey. Thanks to improved compatibility of IT platforms, software updates and hardware maintenance are simple.

Like the other JAZZ products, this kiosk is equipped with a USB-C cable at the main system level; this allows simultaneous transmission of all the necessary signals, i.e. power supply, USB and video data and it also eliminates cable clutter whilst increasing reliability.

JAZZSCO is a great edition to all-in-one POS terminals, M-POS devices and a key element in the customer experience.

JAZZSCO

Same motherboard as the other products in the JAZZ range
Compact housing which is accessible without tools
USB-C cable
3 processors to choose from, J1900, i3 or i5
2 SSD M2 slots
15" edgeless touch screen
PCAP multi-touch panel
Integrated receipt printer, incorporates present function
Honeywell 2D barcode scanner

MODEL	JAZZSCO		
Processor	Intel Bay Trail Celeron J1900	Intel Skylake i3-6100U	Intel Kaby Lake i5-7300U
RAM Memory	4 GB DDR3L SODIMM up to 8 GB	4 GB DDR4 SODIMM up to 16 GB	4 GB DDR4 SODIMM up to 16 GB
Graphic memory	Intel HD Graphics Core		
SSD	2 slots M.2 SSD , 1 x 128GB in standard		
LCD	15" TFT 1024x768		
Touch panel	Slim and edgeless, projective capacitive technology (multitouch)		
Brightness	450 cd/m^2		

IN/OUT PORTS			
Serial	2 x ports (1 x 5V power supply)		
USB	6 x USB 3.0 ports 2 x USB-C (2 on the side) (one for the motherboard and the processor + one available)		
LAN	10/100/1000 Base-T		
Audio	Integrated loud speaker		
Power supply	External -/+19V 65W		

PRINTER	VKP80-III		
Roll holder	∅ 140 x 80 x 2 mm (external)		
Capacity	250 m		

SCANNER	HONEYWELL CM5680 - USB		
2D imager module	very compact, high performance		
Buzzer	yes		

PAYMENT TERMINAL – SEVERAL CHOICES OF PED BRACKET AVAILABLE FOR INTEGRATION			
Verifone	VX820 / P400		
Ingenico	LANE 5000		
	Other equipment on demand (possibility to supply VX or IPP terminals)		

OTHERS			
EMC	CE Directive CEM 2014/30/EU (Class B)		
Security	CE Directive BT 2014/35/EU (+CB Report)		
Operating temperature	5 - 35° C		
Front panel	Splashproof & Dust Resistant		
Colour	White or black (white in standard, black optional)		
Dimensions (L x D x H)	34 x 28 x 42.2 cm		
Weight	23 kg approximately		
Compatible OS	Windows 7/10, Linux
