OCD 400

graphic customer display

Customer display with compact and contemporary design

The OCD 400 customer display has a sleek and modern design, perfectly in sync with the spirit of the AURES' JAZZ and TWIST POS systems.

A very compact peripheral, it adapts to all working and viewing angles, offering great ergonomics and maximum space saving.

Its high quality graphic liquid crystal display (with blue background and LED backlighting) provides 40 characters and 20 columns on 2 lines.

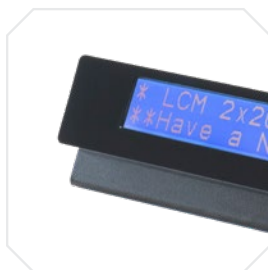

An integrated USB cable allows the simultaneous transmission of all data and electrical power as well.

OCD 400

- Compact design & very small foot print
- High quality, bright graphic display (can be set in several languages)
- One single USB cable for data transmission and power supply
- ESC / POS compatible
- Serial port emulation
